

EXCURSION/FIELD TRIP POLICY
CENTRAL EGLINTON CHILDREN'S CENTRE

Date Policy and Procedures Established: July 27, 2022
Date Policy and Procedures Updated: February 22, 2024

EXCURSION/FIELD TRIP POLICY

Field Trips are viewed as a key component of our programme. They are planned as an extension of the learning environment and primarily focus on spending time outdoors in nature. Therefore, if parents/guardians do not wish to send their child/ren on field trips, CECC's Directors will suggest that they make alternative childcare arrangements.

Location/Venue - CECC staff will research the location/venue, to ensure it meets programme and safety needs. If necessary, they will visit the location.

Parental Permission – As part of our regular programming, we may spontaneously take children on short excursions around the neighbourhood. Families provide general permission for excursions within walking distance of CECC when they first register. When possible, information will be provided in advance regarding departure/return times, destination, offsite activities etc.

When excursions are farther away, we will provide a separate, more detailed permission form for families to sign, and supply a trip info sheet outlining the details of the excursion.

Transportation- Most often, we will transport the children using chartered school buses. There may be occasions on which we will use the TTC for transportation, if there is a direct route that can be accessed at off-peak times.

Supervision – Children leaving CECC will be supervised by a minimum of two educators, one of whom is an RECE when off-site, but we endeavour to have increased ratios on field trips.

Communication – Staff will have their cell phones and walkie talkies available for emergency contact.

Emergency Funds – If a member of staff incurs out of pocket expenses for any emergency, the costs will be refunded.

Identification – Children & staff will wear identification: CECC pinnies, CECC t-shirts, wristbands, etc.

Medications– Only medications for life-threatening illnesses/conditions and/or to maintain a child's wellbeing, will be taken on excursions. It will be stored in a pouch in the front pocket of the emergency backpack.

Drop off & pick up during trips.

If families arrive after the bus has left CECC, they will be asked to make alternative childcare arrangements. As we must maintain strict child/educator ratios, we are unable to accommodate extra children in our other programmes.

We strongly discourage drop off/pick up at trip sites, but if a child must be dropped off/picked up from a field trip, the room educators must inform the trip leader as well as CECC's office, once the child has joined or left the group. The Room and Lead educator will add/delete the child's name from the attendance/headcount. If staff know that a child is being dropped off at the location, they must bring the child's T-shirt and hat on the trip.

Once the children arrive back at CECC, they will be escorted to their classroom, and a final headcount will be completed. This must be done before parents are permitted to pick them up.
